

PRUNES

**Things tend to go right
through you.**

APRICOTS

**Always pretty and
sweet.**

APPLES

**Depending on my day,
I can be red, green,
yellow, sweet or tart.
You never really know
till you take a bite.**

DATES

**Really sweet so you
can't take too much of
me at a time.**

PEARS

**Never anyone's first
choice but when you
have me, you enjoy
me.**

RAISINS

**I never get the
spotlight, but I am
good in a pinch.**

CINNAMON

**Not too much but I can
make anything a bit
snazzier. Too much of
me and everything is
ruined.**

BANANAS

**I look like I just hang
around but use me...I
am really resourceful.**

ORANGES

**You can squeeze me,
bite me, peel me, grate
me...just use me. I
really want to be
needed.**

FINELY GROUND NUTS

**You really have to
trample me to make
me leave you. I am
better when I just
blend in with the
crowd.**

MEDIUM GROUND NUTS

**I only like to be seen
and heard at certain
times.**

COARSLEY GROUND NUTS

**I like to be seen and
take center stage most
of the time.**

GRAPE

JUICE/WINE

**Is it ever really a meal
without me?**

MANGO

**You have to get to
know me well to have
me. Try to open me
the wrong way and the
entire relationship is
ruined.**

GUAVA

**You either love me or
you hate me. I am
definitely not for
everyone.**

NECTARINES

You prefer a smoother exterior and work hard to make sure you always look well-groomed.

CRANBERRIES

**I have a history and a
lot of baggage but
truthfully, I really want
everything to be sweet
and pretty.**
